From The Editor:

It took me back. All of a sudden I was 14 again lying in my hospital bed with a fresh appendectomy scar dreaming about zipping

around town in an MG TC. That year (1950) I suffered appendicitis and while in the hospital my mom bought me a magazine, Sports Car Graphics. In it was an article about Briggs Cunningham. He took on Le Mans and all the European sports cars with two 1950 Cadillacs and did amazingly well (tenth and eleventh overall). It was a sight to see all the sleek Europeans with a big, stock Caddy towering over them. He also designed his own version of a sports car on the other Caddy chassis and the French nick named it "Le Monstre." That Mag

Hey There Healey Peeps

President's Message:

Our monthly meeting was a bit down from the previous month, I hope its because you were on vacation and not that you decided you didn't like Bully's. As with any of our eating places they add or set aside a person for our meeting so when I say X people will be there they aren't very happy when we don't show up!!

Things that came up at our last meeting were that we need volunteers to set up cars for **BCD, Oct 11**. We now have two people, more is merrier plus you get free registration for the event. Please let **Sam or I** know if you would like to help!!

Also, **Lynne** announced that she is taking this year off from arranging the food and desserts for the Holiday party this year. Soooooo if someone would like to help us out with that, please let **Bob or Lou** know.

Don't forget we will be racing in **Coronado Speed Fest** again this year as part of **Fleet Week**. This is one of **Lisa's** favorite events so we hope to see as many of our **Healey Family** as possible. Both **Bob** and I have **Car Club Corral Passes** for those who want to bring their car and not have to walk for miles.

This Month we will be back @ **Mainstream Bar & Grill in Poway**...hope to see you there **6:30 Sept 9th !!**

Cheers, Terry

ignited my interest in sports cars that continues to this day.

Standing on the street in Carmel

photoing all the cars on the tour I nearly jumped out of my skin when over the hill came a Cunningham C4R. Cunningham was the first serious challenge to Le Mans from the USA and while NASCAR and USAC were blistering tracks over here, no one was taking on Le Mans and other European venues until Enzo Ferrari ticked off Henry Ford. Then Ford began to flex its muscle and pulled down trophies first with the Shelby Daytona followed in quick succession with the Ford GT40. Cunningham never won at

Le Mans but he represented us well. He even produced cars for a while with Chrysler V8s nestled in a beautiful body by Vignale. I saw a couple of them along the avenue as well.

Seeing those Cunninghams made the long drive and the ten miles of 4mph traffic around Kettleman City all worth it.

DECEMBER - Annual Christmas Party

Planning for the Christmas Party is started. We are trying to get the Automotive Museum in Balboa Park. If you can help or have suggestions contact Terry, Lou or me.

National City Heritage Days

My BJ8 and I attended the National City Heritage Days car show and Festival on Saturday, August 8th. It was a long day, 7:30AM-3PM, but I saw some interesting American cars, both stock and modified, which means hot rods and low riders. My favorites were an untouched totally original '54 Corvette, and the most beautiful Red '60 Corvette convertible I've seen in a while.

My Austin Healey, one of only 3 foreign cars at the event, won third place in the 1960's stock class (Trophy in hand!) The others were an XKE coupe, and Bill Mayer's modified Bugeye Sprite. In the photos attached, you can see an Indian motorcycle with side car which was a winner, and beyond the Model A ford next to my Healey was a beautiful stock restored 56 Buick, also a winner.

Monterey Car Week

Monterey Car Week is the big car show of the year and I have been fortunate to join the festivities for the past three or four years. I usually take in

the “Ocean Blvd. Show” and the “Pebble Beach Tour” both of which are in Carmel where my friend lives. (Read: free lodging.)

This year was no different. The Boulevard was chocked full of some of the

most beautiful cars ever built. There are always a load of Ferraris and Porsches and this year there seemed to be a huge wad of Packards, duPonts, Auburns and Dusenbergs. I saw at least four Cunninghams which was an unusual delight as I mentioned on my other comments. I even saw a

Laguna Seca Or Bust

Well, the drive to the track is where our adventure starts. I sent the crew with the race truck and RV off early and I stayed back and did a few last minute business things, so I didn't get started until about noon.

About two hours into my journey I get a call from Pete saying that there was a fire on the top of the Grapevine and that the traffic was stopped and they were using air drops to stop the fire. Oh boy, just what we need. A short time later I get a call from Adam telling me that the RV has broken down and something is wrong with the transmission. It had dumped all of its fluid out on the freeway and to make matters worse, it was on the left shoulder in the middle of a traffic filled freeway.

It took over three hours to reach them. At the same time I'm on the phone with my transmission guy telling us what we could do, and what to test. Meanwhile, my truck was running out of fuel AGAIN close to where it ran out last year. I managed to get to Castaic and fill up there and get 7 quarts of transmission fluid!!

Good luck is with us. The fluid takes care of the issue. By now Pete has been waiting @ Buttonwillow for 6 hrs. We manage to get there with some light, grab a bite and carry on. What was normally an 8 or 9 hour drive turned into 14 hours!!

Time enough to catch some Zzzzzz's and then set up our pit early the next day. Then we drive our Racers to downtown Monterey with our CHP escort down the 68, blowing through the lights and making our way into town with all noise fanfare only a bunch of Vintage Race Cars can do!!

Our racing the first weekend goes well with both car's running without issue except using up our brakes & tires. This caused us to overnight new race pads from Porterville, and install already ordered race tires.

Staying downtown Carmel has its advantages. The car show traffic has to pass right by the front the Inn we were staying. Even though we hadn't entered the car we were able to park our big Healey in the driveway while all the show traffic stopped and lined up for their spots. Pretty nice day for sure!! Then a nice lunch at Flaherty's after a stroll through that car show!!

Meanwhile, back at the track the RV is feeling left out and wants more attention. The generator stops

working and the deep cycle

batteries die. Back to Costco we go. The batteries seem to be the fix, at least for a while.

Time now to meet our friends the Chathams, and a whole group of new folks at the Chateau. This is such a great place to share with our extended Healey family!!

Now we are on track with our plans at the house with our friends. Different meals are created each night, Tai Food Night,

Continued on Page 9

Continued from Page 8

Italian Food Night, Mexican Food Night put on by Adam, Tony & Lisa. It was a blast! Then we would head out to the track in the morning, or take trips to **Monterey to visit the Aquarium, Carmel, Pebble Beach.** This is truly the **Car Mecca of The World** for about two weeks!!

Then there was the RACING. Both

weekends went well for our TEAM. My whole goal for the event was to get around two **300 SL's** in our group. I named them **Hans & Franz** one car is owned and driven by **Alex Curtis** from **Scottsdale AZ**, the other was an import driven by **Hans Kleissl**

From

Polling,

Germany. Sunday afternoons on both weekends it's game on!!

We start with both SL's a couple places up on the on the starting grid. I was starting 20th and so its a Black Alfa Giulietta, then Mike Sullivan's Silver 356 Porsche, then past Hans in his SL then Finally past Alex in his 300. What a great race with some serious hard driving, smoking brakes, off track excursions. I'm looking forward to seeing this, only to find that the GoPro memory card had filled up half way through the event!!

Poop!! It would have been good U-Tube watching. Maybe next year we will get to do it again!!!

It was a good finish for Pete Smith in his Bugeye and PMO. Pete finished 1st in class 31st overall, PMO 1st in class 15th overall out of 41 world class racers!!

I hope to see you all at The Coronado Speedfest, Sept. 19 & 20! Remember if you need a car pass call me, or Bob Farnsworth and we will get you set up!!

Remember Keep The Sticky Side Down!!

Jaguar D type and an OSCA along with some really interesting FIAT and Alpha examples, even a Mercedes that looked like a knockoff Maserati Merak.

My friend was concerned that I was missing all the really great cars and asked if I could stay longer and go to the Concours d'Elegance at Pebble Beach. I had two reasons not to. One, it cost too

much, \$350 per ticket. Way out of my budget! And two, I had to get home. My friend came up with two free tickets, but by then I had already left for home. *Next year.*

Car of the Year Award

In an effort to recognize Club members who participate with their Healeys, the Austin Healey Club of San Diego awards Car of the Year (COTY) points for various activities. Opportunities to collect CotY points include any car-related events (shows, drives, rallies, etc.) sponsored by an official organization (other car clubs, auto museum, city chambers of commerce, charities) where you participate with your Healey. These events may or may not be listed in the newsletter. The participant is responsible for providing proof of participation (entrance fee receipt, photo, corroboration from other club members etc.) to the CotY recorder, Rick Snover (619-980-4194 or ricksnover@earthlink.net), within 30 days after the event. AHCS D events will have a sign-in sheet that will be forwarded to the recorder. For multi-Healey families, be sure to indicate which car(s) you drove.

CotY points currently approved by the Board are: AHCS D Meetings & Tech Sessions 4 pts; AHCS D driving Events, Parties etc. 6 pts; California Healey Week 16 pts; Healey Rendezvous 16 pts; Austin Healey Conclave 16 pts; S.D. British Car Day & Rolling B.C.D. 10 pts; Other non-AHCS D one day events 2 pts; Other non-AHCS D multi-day events 4pts. The Board on a case-by-case basis may award points for other events.
