'55 Austin Healey 100

July 2019

From The Editor:

I was extremely careless backing out of the garage, the other day...*actually just simply embarrassingly negligent...* and scratched the Healey's right rear fender...*er wing*. I only mention this because of what the proletariat in the Peoples Republic

now has to go through in any automotive painting, for the advancement of climate piety. Of course, you will not see this if the patient is your daily driver...*not your gay companion, the automotive love of your life!*...

My old paint formula PPG Delstar acrylic enamel is replaced with PPG MTX 2.8 VOC Single Stage fast drying acrylic urethane topcoat, activated with MH238 VOC Hardener. As my old formula no longer applies, a new color match was done on my trunk lid, which I removed and left at the shop, for their color match specialist. As near as I can tell, the new color match seems spot on. The match is aided with a \$20,000 camera that helps the color match by taking a picture of the surface to be matched. We'll really know when the repair is finished. The color match is \$40.00 plus \$10.00 for the new formula. A quart of paint is \$73.00.

From my prospective, the big difference is the use of a catylist hardener. Tri-City, in days gone by, would put up a quart of your favorite color in spray cans. One quart of paint would make about seven aerosol spray cans. Those days are gone forever, along with Tri-City Paint...Those spray cans were so convenient for repainting rocker panels and engine compartments and areas that need to match the exterior finish. Now, custom mix spray cans have a button on the bottom that activates the paint and limits the content use to about eight hours. Of course, the new paint is more expensive because it is more complicated...but is it any better?

The **Market Place** page has been omitted for this month. The items have been up for three months. Are they still for sale? I would like advertisers to contact the editor on the twentieth of each month to let me know.

On The Cover: Lou Galper and Deborah Durban at the Del Mar Fair Car Show on June 16th.

Visit our web site at <http://www.sdhealey.org>

Hello again! It was wonderful having a full house at our last meeting. I'm continuing our search for an August meeting location, which will be identified in the following newsletter.

That said, in June there were several fun activities! The British car council helped advertise an MG all British car drive. The gathering started from the Walmart on Los Coches road. Many clubs were represented by folks driving Austin Healey, Jaguar, Mg, Triumph, Lotus, and Aston Martin British cars. It was a fun day. Article and pictures elsewhere in the HH.

The following week another Healey gathering - drives from the Mira Mesa Park and ride up to the Carlsbad Miniature Museum. Several members attended this event and will hopefully share it in this newsletter. I heard it was fun.

Lou also accepted and attended an invitation to show his Austin Healey with the Triumph club at Del Mar on Father's day. It was nice they asked us to participate and set aside some spaces for us. Lou may share more about his participation.

Reminder: Our July meeting will be held at Don and Pat Benke's house during our club sponsored holiday Party. Be prepared to party, eat, play croquette, swim, play tennis, tell stories, meet and celebrate. Please bring a dish/dessert or favorite salad to share if you like. Our club will provide BBQ type food and beverages, non alcoholic of course, so if you desire something alcoholic, please BYOB.

Please keep your eye on the activity calendar. There is a tech session scheduled for July 20th, Breakfast on the Bay August 3rd or 4th and other interesting events to enjoy. Doc was helpful providing a summary of local car club activities in June, July and August at our meeting. Thanks Doc. We'll look over this listing and further and discuss these at our next meeting. The South Dakota event will occur in September and some of our members will be attending. It would be great if they could share some photos with Warren and an article or two: nice to live a little vicariously.

We handed out 2020 CHW/Conclave information at our meeting. Looks like a great event to begin planning for in 2020. We'll talk more about it later.

Warren has been very creative with the Healey Hearsay publication and was awarded a dinner during our last meeting. He is always pleased to receive and is also looking forward to the stories, pictures and information provided by members for our publication. Please keep those articles and stories coming.

See you all July 6th.

Healey 2020 Rondevue at Lake Tajo in conjunction with California Healey Week was discussed and members were urged to mark the calendar for May 17-21, 2020. Howard reported that the registration fee was \$425 for 2 people including car and banquet.

Newsletter: Editor Warren Voth discussed that it was nice to get stories from members and more stories were needed with pictures of the events.

Howard reported that Warren continues to perform better and better as Editor of the newsletter and he wanted to recognize Warren and thank him for a job well done!

Old Business: Howard thanked Doc for attending the Automotive Museum Car Club Council Meeting and bringing back flyers of future activities.

Howard proposed and the members voted that ads in the newsletter that posted cars for sale, be limited to 3 months and then pulled down so as to make room for other members who wanted to post ads.

New Business: Regalia was discussed specifically black t-shirts with white San Diego Austin Healey logo. Lynne sent a signup sheet around for members who were interested in buying a new club t-shirt with the club logo on it. More info to come at a future meeting and members were asked to let Lynne Stark know if they were interested in regalia like t-shirts and hats.

July 6th will be the next Austin Healey Club monthly meeting at the home of Don Benke.

The meeting was adjourned 7:40 p.m.

Respectfully submitted,
Deborah Durham
AHCSA Secretary.

Don says: "Please plan to swim and use the spa, play pool, bat some tennis balls. I would encourage our members to bring family or friends who might enjoy all the activities and who, by the way, don't need to attend our meeting. And, of course bring your Healey or something British.

• **August 4 – Sunday, Breakfast By The Bay.** The Club is providing the grub and coffee Arrive: 7:00- 9:00 am Breakfast: 9:00AM

Location: Crown Point Shores North, off Crown Point Drive, in Mission Bay Park

• **September** – Tentative- drive to Birch Aquarium, more to follow...

• **October 12th, Saturday - San Diego British Car Day** - Saturday proved to be a popular choice, as opposed to Sunday, so we will continue to hold it on Saturdays. We have our reservation in for Spanish Landing Park East, in Cancer Survivor Park, but we also continue to search for other venues. We're always looking for ways to improve your experience, and bring our British Car culture to the public's attention, and with that in mind, the quest for best venues is never ending. One improvement that we have made, which we know will be a welcome change, is that if we offer a class, and even one car enters that class, we will not cancel or merge that class. In the past, we have required at least four cars to be entered at least a week in advance, in order to hold that class. This year, we will offer a solid class list, and every class will be held, as long as there is at least one entrant by the deadline. We listened to your input and concerns, and we agreed that merging or canceling classes detracted from your experience at our show. The awards have also changed, and we think that you will be delighted!

Registration will open on September 1st, and you will receive multiple reminders and the link when it opens.

MG All British Car Drive With Austin Healey's, Aston Martin, Triumph's, Jaguar's, and Lotus.

By Howard & Lynne Stark

Thanks Rick and Lou for catching the MG All British Car Drive that missed the newsletter.

It was another great day for a Healey ride. Many British Car clubs were invited to attend with the help of the British Car Club Council. This was a nice gathering including many cool British cars and owners.

The event route planning set our starting point at the Walmart on Los Cochas road. Many clubs were represented including drivers of Austin Healey, Jaguar, Mg, Triumph, Lotus, and Aston Martin British cars. The clubs and members were very nice to be

with. There were about 20 cars and around 35 people. The weather was perfect for driving from Alpine through Wild Cat Canyon road and Ramona to Dudley's. Then we left Dudley's and drove around on Old Julian Highway, around Lake Cuyamaca and along Japatul Valley road. The final leg of our journey started heating up. Although the weather man said, it was 91; it was really pushing 100 through Japatul Valley road. We finished our drive at a Mediterranean restaurant in Alpine. We had fun and enjoyed this group drive. The ride was approximately 80 miles and the route was very easy to follow. Lynne, I and Tom Linnard had a blast as well as all the folks who attended. It would be even better if we had notice a bit sooner and more of our members were able to attend. There may be more of these multi club driving events in our future. We'll share the route with Lou for a future ride. Pictures are included, thanks to LynneJ.

**Healeys at the Fair
June 16, 2019**

By Lou Galper

No one else got there till 9am, so we had plenty of time to sit and worry...

Father's Day found us heading to the Del Mar Fair at 7:30am. Meeting area was at the Gelson's grocery parking lot. No one else got there till 9am, so we had plenty of time to sit and worry.

We got in to the Fair at 10 and were in the car show area with three Triumphs, as well as six Jeeps. We spent the rest of the morning and afternoon visiting exhibits at the Fair – plenty to see.

Voting was by popular choice and, at 2:30 the winner was announced – the cute Iris Blue TR3. The Fair gave each of us a foam board with a picture of our cars and names.

The Joe Martin Foundation Miniature Engineering Craftsmanship Museum for exceptional craftsmanship is located in Carlsbad. It is strictly a guy thing as guys are generally more interested in things. Gals are generally more interested in relationships. The proof of this is gals put up with guys while they check out their secret loves. I am the first to admit that this museum is full of mind boggling stuff. I was blown away as I had heard of, but never visited the museum.

The 16000 sq. ft. museum includes a work area and machine shop, and is open Tuesday through Saturday 9 AM to 4 PM. Engines are run in the machine shop at 10 AM noon and 2 PM each day. More than a thousand items are on display. This article really doesn't do the museum justice...

I met Lou Galper & Deborah Durban, Saturday, the 15th, at the Mira Mesa Park and Ride. I thought we were the only ones going. We were pleased to meet Udo & Gisela Putzke, Ed & Sandy Matheus, and Ron & Carolyn Richtmyer, at the museum. Chick Linde & Dona VanHoughton joined us later for lunch at the Green Dragon. I think a good time was had by all...
